## FlowVis Flow Meters

- Engineering Data Sheet

## Models:

FV-C (2" / 2.5" pipe)

FV-C-15 (1.5" pipe)

FV-3 (3" pipe)

FV-4 (4" pipe)

### Overview:

FlowVis is a unique, patented flow meter solution for clean water applications such as swimming pools, spas, water features, and fountains. Models are available for 1.5" through 4" as well as retrofit units for existing specific 3rd party valve bodies. Models for 1.5", 2", and 2.5" pipe include an integrated check valve. Additionally, a non-check valve model is available for applications that employ an SVRS and where check valves are not permitted.

All FlowVis models offer highly accurate performance and a unique ability to be installed right next to other plumbing fittings such as tees, without the need for long straight pipe runs before and after.

### Specifications:

**Accuracy**...... 1.5" - 2.5" Average 97.9%, 3" and 4" >95%

Max working Pressure...... 50 psi

Head Loss (Model FV-C).... 0.77 psi at 20 gpm, 2.37 psi at 112.6 gpm

Min / Max operating temp... 32F (0C) / 140F (60C)

NSF 50 Approval..... FV-C; FV-3 and FV-4 (pending)

Warranty..... 5-years (breakage)

# Flow Range (GPM)

Model	Pipe Size	From	То
FV-C-15	1.5"	10	90
FV-C	2" /.2.5"	10	110
FV-3	3"	90	220
FV-4	4"	160	300

Rev 1.0

# Materials:

### FV-3 and FV-4

Component	Material	Component	Material					
Tee	PVC	Link Pin	316 Stainless Steel					
Lid	Poly carbonate	Indicator Pivot Pin	Glass Filled Plastic					
Indicator	ABS	Flapper Pivot Pin	316 Stainless Steel					
Flapper	ABS	Stop Pin	316 Stainless Steel					
Spring	Hastelloy c-276	Reducer Bushing	PVC					
Carriage	Poly carbonate	Lid Screws	316 Stainless Steel					
Lid O-Ring	Silicone Rubber Elastomer							

### FV-C, FV-C-15

1 4 0,1 4 0 10					
Material					
CPVC					
Poly carbonate

PPEPS					
Viton					
Hastelloy c-276					
Glass Filled Plastic					
316 Stainless Steel					
Silicone Rubber Elastomer					

## Dimensions:

Model	А	В	С	D	Е	F	Weight (lbs)
FV-C-15	7.25"	5.875"	Schedule 40 - 1.5" with customer supplied reducer	1.875"	1.5"	4.63"	1.5
FV-C	7.25"	5.875"	Schedule 40 - 2" slip and 2.5" with coupling	2.375"	1.5"	4.63"	1.5
FV-3	8.0"	9.5"	Schedule 80 - 3"	3.5"	1.75"	4.5"	3
FV-4	9.4"	9.75"	Schedule 80 - 4"	4.5"	2.0"	5.25"	5
